NOTICE

Your employer and Local 70 have a collective bargaining agreement that includes a union security clause. This requires Union membership as a condition of your continued employment, or in the alternative, the payment of monthly service fee to the Union in an amount that constitutes your pro rata share of the Union's expenditures for representation functions only. The amount of the service fee is calculated annually by determining the percentage of regular initiation fees and monthly Union dues that were expended during the prior year on Union representation activities. You will be informed of the current amount of this fee by asking the Union. The law allows service fee payers to challenge the correctness of this calculation. Procedures for doing this will be explained to you by the Union in writing upon request. If you choose to be a service payer rather than a member you must notify the Union in writing within thirty (30) days of the date you receive this notice. Remember, a service fee payer is not a member of the Union, and is not entitled to participate in Union affairs or enjoy the benefits and privileges of Union membership.

I have read and understand the above statements:
